Re Reorganisation

MK 26/6

N.B. word illegible

29/6/18

Rec'd. 2.7.18. Why this delay?

MK 2/7

The question raised in this file relates to the transfer of charges on account of the pay and allowances of Vaccinators employed under the Distt Boards & the several District Boards themselves. The reorganisation of the vaccination Deptt was ordered by Govt in March 18 in the hope that no additional funds would be required from State revenues & meet the extra cost involved in the reorganisation Scheme as the local bodies concerned would see the fairness of bearing this burden from their own funds. Accordingly a letter[x] was addressed by the Registrar to all the Distt Boards in the matter and it was pointed out to them that the additional revenues transferred to the Distt Boards quite justified Govt in saddling these local bodies with this charge as it only formed a small percentage of the total amount thus made over. The majority of the Distt. Boards has accepted the charge willingly and it is not clear on what grounds the Bangalore & Kolar Distt. Boards have arrived at a different Conclusion. In each case the case of neither Distt.

Reorganization of the Vaccination Department.

No. 5044-63 - San. 68-16-6. dated 9th March 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. G. C. 231-11, dated 28th June 1917, from the Sanitary Commissioner in Mysore, submitting detailed proposals for the reorganisation of the Vaccination Department.

Order No. 5044-63—San. 68-16-6. dated 9th March 1918

The question of improving vaccination work in the State has been under consideration for a long time. The strength of the vaccination establishment was fixed at 94 so far back as 1889 and a small number of 8 reserve vaccinators was added in 1913. The scale of pay offered to vaccinators ranging from ℔10 to ℔15 has throughout remained stationary.

2. From a statement received from the Sanitary Commissioner showing the qualifications of the present staff, it is observed that out of the 102½ men in employment, 80 have been trained, 15 are fit for undergoing training and the remaining 7 are too old to improve. The Sanitary Commissioner in submitting proposals for the reorganisation of the existing staff and the Department, as a whole, points out that the absence of progress in the Department is due not only to the unsatisfactory character of the agency employed but also to the want of a proper supervising staff to verify and control the work of vaccinators

3. Government agree with the Sanitary Commissioner that a complete scheme for reorganising the Department should include the following items :

(1) Increase in the number of vaccinators.

(2) Attracting better class of men by improving the pay and prospects of the appointment.

(3) Appointment of a sufficient supervision staff.

4. The most important part of the vaccination work is verification and supervision and there is at present no satisfactory agency to look after this work, the main work in this direction falling on the District Sanitary Officers, which could at best, be regarded as only a make-shift arrangement. Government accordingly are pleased to direct that for each district there should at least be a Deputy Inspector of Vaccination. These Deputy Inspectors of Vaccination will be placed in three grades, the number of appointments and the scale of pay being as follows :—

Three Deputy Inspectors of Vaccination on Rs. 80 each with personal allowance of Rs. 10 to the existing District Sanitary Assistants.

Three Deputy Inspectors on Rs. 70 each.

Three Deputy Inspectors on Rs. 50 each.

They should draw travelling allowance according to ordinary rules. The present three District Sanitary Assistants and two Deputy Inspectors of Vaccination will be absorbed in these appointments (any excess of salary above the sanctioned scale being treated as personal allowance). The pay of the Deputy Inspectors will be met from State Funds though their employment will be under the District Boards. Their diaries should be submitted first to the Presidents of the District Boards who will pass them on to the Sanitary Commissioner after scrutiny by the Sanitary Officers in the districts. As regards

recruitment to this grade, the Sanitary Commissioner is requested to frame suitable rules and submit them for the approval of Government.

5. The question of improving the pay and prospects of vaccinators is one attended with some difficulty. In the first place, the existing men will have to be trained and absorbed; and secondly, the appointments should be made more attractive.

6. Government agree that to attract a better class of men to this service the pay and prospects of the vaccinators should be thoroughly revised. Vaccinators will accordingly be placed in three grades on Rs. 25, 20 and 15, a suitable distribution of the 114 appointments proposed by the Sanitary Commissioner being made as follows:—

First grade 32 on Rs. 25.
Second grade 32 on Rs. 20.
Third grade 50 on Rs. 15.

These appointments will be distributed by the Sanitary Commissioner in consultation with Presidents of District Boards according to the needs of each district. The question of giving each vaccinator a conveyance allowance also deserves consideration. The recommendation of the Sanitary Commissioner to give them a travelling allowance of Rs. 8 per mensem is approved. This should be refused or reduced if the minimum number of days fixed per mensem is not spent on tour or the minimum number of cases is not vaccinated. The existing staff of vaccinators will accordingly be transferred to the District Boards for direct supervision and disciplinary control. Rules on the subject may be framed and submitted by the Sanitary Commissioner for the approval of Government. The Sanitary Commissioner is requested to make early arrangements for training the men that are fit to be trained and proposals for removing or otherwise providing for the rest should also be submitted. Steps should be taken to see that as a rule only local men are trained and employed.

8. It will be left to the District Boards to prescribe the minimum outturn of work to be required from each vaccinator above a limit of 200 cases for each month.

9. The Sanitary Commissioner is further requested to submit draft rules prescribing the qualifications for vaccinators and Deputy Inspectors of Vaccination.

10. As regards vaccination work in Municipalities, each Municipality should make its own arrangement and pay for it from its own funds.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To

The Deputy Commissioners and
Presidents of District Boards.

S i r,

In inviting your attention to Government order No.5044-63 dated 9th March 1918 sanctioning the reorganisation of the Vaccination Department, I am -- directed to point out that one of the principal objects aimed at in the order is to empower the District Boards to exercise proper control over vaccination work in the areas under their jurisdiction as the absence of such control in the past has been the cause of the unsatisfactory work turned out by the -- vaccinators. It is also to be observed that the District Boards have hitherto assumed no financial responsibility in connection with this important item -- relating to the health of the people, and this has been so on account of the slende finances of the local bodies. Since the passing of the order dated 16th November 1916 sanctioning the Local Self Government Scheme, conditions have considerably changed and the finances of District -- Boards augmented a great extent, by the transfer of monatarfa and Local Fund General to District Funds. In the -- margin is noted the approximate amount accruing annually to your District Board under the Local Self Government Scheme,

and

(Here enter the figures given in the appended statement).

and it is now proposed in view of this to require the District Board to meet the charges relating to the pay and allowances of vaccinators from this additional revenue, as the charges bear only a small proportion to the additional revenue. Having due regard to the fact that Government have undertaken to bear the entire supervision charges, Government consider that it is only fair that District Boards should undertake this minor charge.

I am therefore to request you to place this matter at a very early date before the District Board and obtain their resolution on this point The matter should be treated as urgent and replies submitted before 1st May 1918 as arrangements will have to be made for fixing the strength of vaccinators for each District in consultation with the Sanitary Commissioner.

I have etc.,

~~Chief~~ Secretary to Government

The order in this case has to issue from L.B Section, because there is entirely a L.Gd matter now. Please see marginal remark on page 2 The reorganisation order recognises the necessity of transferring the charge of Gd. Funds & it is for this branch to decide whether it should be so or not— After orders are passed, the file may be submitted to chief Secy for perusal. However action will be taken as per instructions

Order -- No. LB/120-17-11

Dated Bangalore the 31.7.18

In order to improve the work turned out by the vaccinators in the districts ~~in quality as well as in quantity~~, Government in their

Secy (12) 30/7

their order of the 9th March 1918 read above, approved of the transfer of the control, over the vaccination establishment, to the District Boards, subject to the continuance of professional advice and scrutiny of the Sanitary Commissioner Government hoped that with the transfer of such control to them, the District Boards would be agreeable to the cost of the establishment being debited to their funds, and their resolutions were accordingly invited in this matter.

2. All the District Boards except those of Kolar and Bangalore have agreed to bear the charges on account of the pay and allowances of vaccinators from District Funds. The Kolar District Board, however, agree to pay only the moiety of the charge, while the Bangalore District Board express their inability to meet the charges at present.

3. At present, the Local Fund share of vaccination charges consists only of the pay of the peons attached to the Deputy Inspectors of vaccination. In view of the fact that the income of the District Boards has, to an appreciable extent, been augmented by the assignment of Mohatarfa and Local Fund General

and

and as the majority of the District Boards have agreed to meet the pay and allowances of vaccinators from District Funds. Government are pleased to direct that these charges be met from District Funds with effect from 1st July 1918.
